## BEAUTY THAT NEVER FADES

# PROTECTION

A paint protection system that utilizes proprietary ceramic technologies, System X® doesn't work merely as a layered application. Instead, it interlocks its molecular structure with the surface molecules of the paintwork to literally become the functional surface of your boat's paint and gel coat. The result is a semi-permanent ceramic coating that won't wash off like wax, polish, or sealant. System X® exhibits outstanding resistance to friction, heat, pollutants, and solvents — for a finish that locks in long-lasting beauty, as well as peace of mind.

The most trusted name in professional coating technologies

## UV Ray Protection

System X® Marine Ceramic Protection provides maximum UV ray protection for paint, gelcoat, and stainless steel to prevent unsightly damage associated with aging and fading colors.

## A Shield Against Corrosives

From salt and exhaust to oxidation and sea life contaminants, the marine environment is characterized by elements and processes that induce corrosion. System X® Marine Ceramic Protection treats surfaces like metal and gelcoat with water-resistant properties that prevent spotting and make cleaning dirt and debris fast and easy.

## High Gloss and Application Versatility

System X® Marine Ceramic Protection is highly effective on a variety of surfaces. Imparting a high gloss and bringing out the full luster and sheen of your boat's finish. Through its hydrophobic properties, you're assured cleaning can be done easily without the use of abrasive chemicals and detergents. Save time and preserve your vessel with System X® Marine Protection.

## Highest Degree of Hardness

System X® Marine Ceramic Protection registers over 9H on the industry's hardness scale — equating to a coating hardness that provides an exceptional level of paint protection.

## MAX

CERAMIC NANO COATING

**5-Year Warranty - 9H+** Also available in: **G+** Hyper Gloss

System X Max™ provides super-slick and glossy gelcoat protection with previously unachievable levels of durability, hardness, and chemical resistance. Thicker than any coating, Max™ is ready to protect in the most extreme marine environments.

## XTREME

SUPER SLICK CERAMIC COATING

**5-Year Warranty - 9H+**

Providing extreme hardness and resilience for boats and water vessels of all kinds, System X Xtreme Super Slick™ Ceramic Nano Coating is our most effective coating for protection against friction, heat, and solvents. Incorporating the industry's most durable ceramic technology, it offers years of protection against salt water, with no yellowing, cracking, peeling, or delaminating.

## GLASS

CERAMIC GLASS COATING

System X Glass™ coating protects your windshield, windscreen, windows, mirrors, glass headlamps, and other glass surfaces from micro scratches while multiplying the surface's hydrophobic properties for a two full years. System X Glass™ keeps surfaces cleaner and clearer while improving visibility.

## INTERIOR

CARPET, FABRIC, LEATHER & VINYL

System X Interior™ creates a high-tech ultra hydrophobic protective barrier. Based on advanced nanotechnology to protect your interior - fabric seats, carpet, leather, and vinyl. Spills, stains, and water clean up easily. System X Interior™ protects while retaining your natural look and feel.
